Medius
AP Automation

Medius AP Automation is a cloud-based solution that streamlines and automates the entire accounts payable process - from invoice reception to payment - to help save cost, get the books closed on time, and ensure full visibility of spend.

What you'll get:

Complete visibility of invoices and spend

— Full insight into liabilities as soon as invoices arrive

— Actionable dashboards for finance leaders, including cash flow forecasting, DPO analysis and discount optimization

— All invoice data in one repository, accessible and reportable

Embedded automation excellence

— Intelligent invoice data capture capabilities digitizing all invoices regardless of format

— Automatic matching of invoice data against purchase orders, goods receipts or contracts

— Flexible tolerance configurations to increase automation levels

Easy to get started, easy to use

— Immediate user adoption with an intuitive interface and mobile approvals on-the-go

— Configurable approval routing and coding templates to remove manual steps

— Pre-built cloud connectors to ERP systems

— Built-in best practice workflows enabling high automation rates right from the start

> We now have **full control and visibility** over the AP process.

Why **Medius AP Automation?**

Savings that matter

Remove resource-heavy manual tasks, capture early pay discounts, increase process efficiency and enable remote work. With unprecedented levels of touchless invoice processing, you can do more with less.

Speed to value leading to quicker ROI

With prepackaged ERP connectors and an intuitive user interface you can be up and running within just days or weeks rather than months, leading to a quick return on investment.

Successful customers

Experience dramatically increased automation levels right from the start with our built-in best practice workflows and capabilities. By leveraging process performance KPIs and benchmarks we help you get set for long term automation success.

Control cost, cash and compliance

Get access to real-time invoice data so that you can close the books on time, deliver financial reports with confidence and make more informed decisions.

> **"** Medius has been **really important for me** to be able to do my job - gone are the days where we go to cabinets and pull invoices!
